Harringtons

Enlarging Service

MANY of the most captivating photographs are simply enlargements from small negatives. Every Amateur Photographer takes Snapshots which only require suitable enlarging to become surprisingly beautiful pictures. Have your best negative "Enlarged by Harringtons"—you will be delighted with the result.

RETOUCHING NEGATIVES

Harrington Artists know just how much retouching is required when they see a negative, and execute orders for this class of work in the most artistic manner. Prices on application.

COLOURING

We colour prints and enlargements in oils and water colours. A special highly trained staff with every facility at their disposal produce the highest quality work. Prices quoted on request.
